Reduction Sentence

DAVID M. LAWSON
U.S. DISTRICT JUDGE

Dear, Judge Lawson
Hope you are doing well & your family.

I am hoping you can help me as I don't know how this process works. I am asking for some relief from my sentence & help in trying to get transferred to Qatar prison where I will be closer to my wife/kids.

I am suffering from psychological mental health problems, and although I've had this problem now for almost a decade on & off, I didn't mention this during my pschy exam's cuz it's embarrassing, I am suffering from obsessive compulsive "OCD" Disorder & it mainly is religious related. I've tried all kinds of psch advice ~~but~~ ^{but} it still seems to linger & return, these thoughts. I feel I'm mentally in a prison in addition to the physical prison I'm in now, I've been transferred to U.S.P (Low) Thomson Illinois, although it still isn't similar to a U.S.P, as we are in constant lockdowns for no reason, the food here is terrible & not enough the officers are very hostile especially to my type, except for a few off officers. I don't get visits & I am depressed every time I call my wife/kids. There has been hundreds of people with my case who either surrendered or was caught overseas in Syria that are from Saudi Arabia or Syrians or Turkey who have spent no more than a year in prison & were de-radicalized in a program they have in Qatar, Dubai or Saudi. I wish this country no harm. but as you know it's not easy being a muslim in a U.S prison

Request for Mercy/Humanitarian Reasons

These prisons are really not rehabilitating people here because of the very bad treatment from officers & the prolonged sentences. I acknowledge that I could of gotten a far longer sentence And ~~am~~ am grateful to God for having guided you to be ~~len~~ lenient with me but I also feel betrayed by the FBI/US Gov. for misguiding me after I cooperated with the FBI there abandoned & forgotten me. I sometimes wonder how animals have more freedom & are treated better in this country than humans in cages. My brother recently overdosed & died the one who sent you a letter & then soon afterward my father collapsed from a brain stroke/blood clot. He is unable to speak or move much. I know I have a big mouth sometimes but what I say is mostly moved by emotions & although I was born here I only wish to be transferred to Arabia where they share the same values, religion as I do, I've tried getting a ~~yemeni~~ yemeni passport but I've been obstructed by a higher level I was told (U.S). In Conclusion I have not seen my wife kids since 2015 & I wish to be closer to them if you help facilitate my transfer or provide me with an immigration lawyer or instead if you can send a letter to Trump I will greatly appreciate it & pray for you. Thank You, God Bless

Inmate Request to Staff Member Response

This is in response to your Inmate Request to Staff regarding a Compassionate Release/Reduction in Sentence (RIS). Your request is based on extraordinary or compelling circumstances involving your wife, children and elderly parents, the loss of your brother and your voluntary agreement to leave the United States, and changes to the United States Sentencing Commissions guidelines.

After a review of your case, we will not be pursuing a request for compassionate release on your behalf. Title 18 of the United States Code, section 3528(c)(1)(A), allows a sentencing court, on motion of the Director of the Bureau of Prisons (BOP), to reduce a term of imprisonment for extraordinary or compelling reasons. BOP Program Statement 5050.50, Compassionate Release/Reduction in Sentence: Procedures for Implementation of 18 U.S.C. §§ 3582(c)(1)(A) and 4205(g), provides guidance on the types of circumstances that present extraordinary or compelling reasons, such as the inmate's terminal medical condition; debilitated medical condition; status as a "new law" elderly inmate, an elderly inmate with medical conditions, or an "other elderly inmate"; the death or incapacitation of the family member caregiver of the inmate's child; or the incapacitation of the inmate's spouse or registered partner. Your request has been evaluated consistent with this general guidance.

The consideration criteria mentioned in your request does not meet the criteria listed in Program Statement 5050.50 for RIS consideration.

In the event you believe you are eligible for a RIS based on one or more of the criteria listed above, you must clearly identify which criteria you are requesting consideration and how you meet the criteria as outlined in Program Statement 5050.50.

Accordingly, this response is for informational purposes only. If you are dissatisfied with this response, you may file an appeal pursuant to Program Statement 1330.18, Administrative Remedy Program, within 20 calendar days of the date of this response.

I trust this addresses your concerns.
